The Story of CowParade

The global event that inspires art · since 1999

It began in 1999 with a simple, joyful idea: give artists a blank canvas in the shape of a cow, and set the herd loose in the streets of a city. Since then CowParade has grown into the largest public art event in the world — more than 10,000 artists, over 8,000 one-of-a-kind bovine masterpieces, in 90+ cities across every continent.

Each figurine in this catalogue is a hand-finished collectible inspired by an original cow from a CowParade event: the art of the street, brought home. From world-famous museums to a shelf in your living room, every cow carries the same spirit — colour, character and a little bit of mischief.
